

How to Get Help Paying Your Hospital Bills

Nuvance Health is committed to helping patients with hospital bills.

Copies of the Nuvance Health Financial Assistance Policy and applications for financial assistance are available at the Facility Business Unit, Registration Department, Emergency Department, and in the Office of Community Relations. You will receive written notice of the outcome of your case.

In the event your application is rejected, we will provide you with the reason for the rejection and provide you with information on how to appeal the determination. In the event you choose to appeal, we will work with you to ensure we take into account all relevant facts when making our final determination.

Please note:

Nuvance Health Hospitals will always provide emergency medical treatment without regard to your ability to pay.

Criteria

Our hospitals will provide you with financial assistance in the event that **one or more** of the following conditions are met:

- You have one or more outstanding balances due to Nuvance Health Hospitals or other providers.
- You have applied and been denied eligibility for any medical or health care coverage provided under Medicaid or State programs due to failure to satisfy income or other eligibility requirements.

- You are not eligible for coverage for hospital services under any other health or accident insurance program (including workers' compensation, third-party liability, motor vehicle insurance).
- Your family income is at or below 400% of the Federal Poverty Income Guidelines (Based on the annual Federal Poverty Guidelines).
