

Outlook 365- Mobile Device Enrollment

Target Audience: All Nuvance Health Employees (CT)

Outlook 365 is available from your mobile device. **IMPORTANT:** In order to access Outlook 365, your Okta account MUST be created and multifactor authentication set up. If you have not set up your account, please access the **Okta- Creating and Account/Multifactor Authentication** instructional material.

Nuvance Health owned devices automatically receive Outlook 365, Okta Verify, and Okta Mobile.
